atakanaksoy@atakanaksoy.com | linkedin.com/in/atakan-aksoy

## PROFESSIONAL SUMMARY

Experienced software developer with a strong proficiency in Java, Spring Boot, C#, and .NET technologies. Proven ability to design and implement robust, scalable solutions to meet business requirements. Seeking to leverage skills and experience in a dynamic development environment.

## AREAS OF EXPERTISE

### PROFESSIONAL SKILLS

Leadership | Problem Solving | Adaptability | Team Player

### TECHNICAL SKILLS

Java | Spring Boot | C# | .NET | PostgreSQL | Git

## PROFESSIONAL EXPERIENCE

### SOFTWARE DEVELOPER, Turkish Aerospace Industries | Antalya, Turkey

11.23 – 05.24

- Continuing my involvement in a long-term internship program focused on the development of a project for the defense industry.
- Taking on a leadership role within the team, providing guidance and coordination to ensure the successful continuation of last year's project.
- Leveraging C#, .NET, and PostgreSQL to enhance and extend the functionalities of the existing system while maintaining high standards of security and performance.

### SOFTWARE DEVELOPER, Turkish Aerospace Industries | Antalya, Turkey

11.22 – 05.23

- Acquired valuable long-term internship experience in the development of a project intended for use in the defense industry.
- Collaborated with a dedicated team to build the backend infrastructure of the project from scratch.
- Utilized C#, .NET, and PostgreSQL to develop robust and secure solutions tailored to the project's requirements.

### SOFTWARE DEVELOPER, Hotech Software | Remote

06.22 – 05.23

- Engaged in a comprehensive 1-year program involving 3 months of internship and 9 months of part-time work, focusing on the backend development of a management system used in hotels.
- Played a key role in developing microservices, writing unit tests, and creating REST APIs using Java Spring Boot.
- Gained hands-on experience in software development lifecycle processes, enhancing my skills in Java Spring Boot development and project management.

### SOFTWARE DEVELOPER, Antalya Bilim University | Antalya, Turkey

11.21 – 11.21

- Collaborated with a dynamic team to develop a web application tailored for Master's students.
- Utilized PHP to create a user-friendly platform designed to meet the specific needs of the target audience.
- Successfully delivered the project within a one-month timeframe, demonstrating effective time management and teamwork skills.

## EDUCATION

### Antalya Bilim University – Antalya, Turkey

2020 - 2024

Computer Engineering | GPA: 3.09/4.0

- Honor Student
